Art Unit: 2122

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-10, 24-33, 47 drawn to "... an intelligent Messaging network, handling registration of the server, connecting the server with one another, encapsulating communication between servers classified in class 709, subclass 201.
  - II. Claims 11-17, 34-40, 48 drawn to " a software class providing graphical user interfaces, the class comprising: a storage for server setting, an user interface for viewing or editing server setting ..., classified in class 717, subclass 110.
  - III. Claims 18-23, 41-46, 49 drawn to " software development system for developing client application, comprising a utility library, security library and transport library... ", classified in class 717, subclass 100.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I-III are related as sub combinations disclosed as usable together in a single combination. The sub combinations are distinct from each other if they are shown to be separately usable. Each respective invention has utility in a system not having the other. See MPEP § 806.05(d).
3. A telephone call was made to Mr. John W. Ryan on 5/19/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2122

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chameli Das whose telephone number is 703-305-1339

The examiner can normally be reached on Monday-Friday from 8:00 A.M to 4:30 P.M.
